STEERING COMMITTEE UPDATE:

At our last meeting on March 29, 2007 attendees voted to organize an association for Southwood/Southwood Extended Subdivision. A volunteer steering committee was formed consisting of David Cook, Russell Fischer, Carol Judd, John Kennington, Shannon Morehead, Jerry Rodgers, Roger Roth, and Pat Simpson. This committee has dedicated every Thursday evening for the past two months to develop a set of by-laws, a first class web site, a membership application form to create a data base of home owners for the entire Southwood/Southwood Extended neighborhood. We hope that you as property owners will embrace this association and know that the officers pledge to do their best to keep you informed of all matters that would affect you as a property owner and your property values.

A strong association can make a difference when dealing with the City of Bixby, however, a single property owner has little influence when dealing with the city concerning something that would affect your property.

Every property owner would agree that we have a subdivision that is the envy of everyone who drives through it. We want it to continue to STAND OUT above the new subdivisions that have surrounded us.
